

EASTIN CENTER *for* TALENT DEVELOPMENT

AT SPEARS BUSINESS

Empowering Skills...Inspiring Work

The Eastin Center for Talent Development, which resides in Spears Business, provides students with indispensable resources to build interpersonal skills, professionalism, critical thinking, problem solving skills and is a crucial piece in ensuring graduates are job ready. With 4,500 students in Spears Business, our mission is to ensure all business majors have the opportunity to empower themselves to develop and practice soft skills.

Develop and Practice Skills

The Eastin Center offers a diverse variety of events that fosters the crucial relational abilities that employers are seeking, such as communication proficiency, business etiquette, interpersonal skills and teamwork.

Apply Knowledge

The Eastin Center provides opportunities to apply classroom knowledge to real-world situations. Internships and Study Abroad help to hone critical thinking and problem solving skills.

Job Search Preparation

The Eastin Center Career Services team provides assistance to students through individual consultations, event programming, and group presentations throughout their college experience as they prepare for and conduct their career search.

Get Involved

- Engage with students through on-campus activities and company visits
- Encourage employee participation in the mentorship program
- Provide financial support through sponsorships
- Develop and grow your talent pipeline at Spears Business
